Metron Worldwide Presence	56

Welcome to Metron, one of the leading elevator manufacturers with worldwide presence in more than 50 countries in 5 continents.

Safety, quality, reliability and design have been a part of our culture since our beginning. Metron has a long history of setting the standard of excellence and pushing the limits of elevators' design. All our lifts exceed our customers' expectations on reliability, design and quality. Whether we are creating for 5-star resorts and residential buildings or commercial centers and hospitals, our work is born from our desire to design products that make our world safer, smarter, better and more human.

All our elevators are produced with care and attention to every detail and undergo the strictest quality checks during every production stage.

Looking ahead to the future, we are moving on, even stronger, ready to offer to our customers the highest value lift solutions and digital tools benefiting from our digital transformation. Our diverse range of complete lift systems and custom solutions, strategically position us to partner with our customers, proposing solutions that will stand the test of time.

All together, we work towards a common goal, to offer products and services always with the same Metron characteristics. Reliability as product, as people, as company.

John Sandros CEO

An Upward Journey

- **2021** Awarded as the "Greek Business Champion of the Decade 2010-2020".
- **2020** Metron invests in new high technology machinery & equipment.
- **2018** Exports revenue climbs to +90% of annual turnover.
- **2017** Metron breaks the barrier of exports in 5 Continents.
- **2014** Digital transformation foundations are being set.
- **2010** Metron sells its 1st Traction Lift solution.
 - **2009** Metron expands its factory & invests in fully automated production lines.
- 2008 The 1st Hydraulic Lift Solution is designed.
- 2005 Expansion of product range. Metron begins designing, producing and marketing Lift Cabins.
- 2001 Metron introduces Powder Coating Colours for the 1st time in the elevators industry.
- **2000** The new factory of Metron is completed.
- **1996** The product of Automatic Doors for Lifts including the 1st Folding Door BUS type, the Famous One, starts gaining significant share of the market.
- 1995 Metron is founded by John Sandros.
- **1988** The idea is born.

VISION

We envision a strong team of employees and partners around the world who together enjoy professional growth and personal development winning in a fair play within a competitive framework.

MISSION

We aim to upgrade the life quality, offering mobility and access through safe lift solutions to everyone. At the same time, we design & produce user- friendly products, that ease the work & optimise the productivity of our customers.

We provide our customers with complete lift solutions of:

- High level of Reliability & Quality
- High Aesthetics according to the modern Architectural Trends
- Flexibility in Design
- Easy & Quick Installation
- Advanced Technology

What we stand for

VALUES

PFOPI F

Our people are the backbone of Metron. We are proud to work together as a team to achieve our common goals. We are the collective sum of the talents and skills of all our people.

INTEGRITY / HONESTY

For us, success is attained with integrity, honesty, transparency, justice, meritocracy. We maintain a spirit of cooperation with our partners and employees based on mutual trust and the highest professional standards. deeply understand that our success goes hand in hand with your success and we care about your future as much as we care about our own.

CREATIVITY

We support creativity and innovation by encouraging the development of new ideas. We challenge ourselves, redefine boundaries and constantly looking for new ways to improve our products, services and processes. An endless journey of creativity that leads us to a future of high standards.

Safety & Quality

First and Foremost

The highest standards of Safety & Quality are part of what makes Metron great. They are not just timeless values, it is the way we operate and grow. We have the responsibility to ensure that our customers and end-users enjoy high quality, reliable products and services.

OUR CERTIFICATIONS

Since 2000 Metron has applied a Quality Management System according to the EN ISO 9001: 2015 standard. All Metron products bear the CE of European Union quality certification. Production lines are programmed and controlled by MRP and ERP software.

All Metron Lifts are designed according to the European Directive 2014/33/EU and conform to European Standard EN 81-20. In addition, lifts are designed in compliance with the following more specific European Norms:

- EN81-20/EN81-50
- EN81-21 Passenger Lifts in Existing Buildings
- EN81-70 Accessibility for Persons with impaired Mobility
- EN81-28 Remote Alarm for Passenger & Goods/Passenger Lifts
- EN81-73 Behavior of Lifts in the Event of Fire
- EN81-58 Landing Door Fire Test

Metron also holds the Module H1 certificate which secures the outmost quality control for the Design, Manufacturing and Certification of every lift.

At Metron, we strive to be environmentally friendly in our everyday operations implementing programmes to improve our eco footprint, optimise energy & raw material management, promote recycling and a lifestyle that supports the circular economy.

Green Motion

We care about our planet

Today, Metron is one of the leading companies in the world in the design and production of complete elevator solutions.

Metron SOLUTIONS & PRODUCTS

- MACHINE ROOMLESS TRACTION LIFTS (MRL)
- TRACTION LIFTS WITH MACHINE ROOM (MR)
- HYDRAULIC LIFTS
- HOME LIFTS
- METALLIC SHAFT
- CARGO & CAR LIFTS
- SMALL CARGO PLATFORMS
- SERVICE LIFTS (DUMBWAITERS)
- ESCALATORS & MOVING WALKS

MACHINE ROOMLESS TRACTION LIFTS (MRL)

Metron Machine Roomless Traction Lifts (MRL) incorporate all best-in-class features and design. The combination of higher speed travel and energy efficiency is perfectly integrated within multi-floor buildings or shopping malls with high usage frequency.

Key benefits:

- Easy installation
- Eco-friendly Low energy consumption systems
- Outstanding ride quality and smooth operation
- Precise leveling accuracy according to the EN81-20 standard
- Space saving (doesn't require machine room)
- Advanced technology & state-of-the-art electronics
- High quality aesthetics
- Compatible with the full range of Metron Cabins & Doors
- Adaptability to shaft dimensions
- Conformity with the European Standards EN 81-20, EN 81-50, EN 81-21, EN 81-70, EN81-73, EN 81-28 and EN81-58

MRL G STARTER

The most affordable Metron MRL Traction elevators fulfil the requirements for the majority of passenger lifts.

LOAD	300 - 1.000kgr
SPEED	1m/sec
MAX. TRAVEL	45.000mm

MAX. FLOORS	16 stops
MIN. PIT	1.050mm
MIN. HEADROOM	3.400mm

MRL G LPH ACCORDING TO EN81.21

Ideal solution for existing buildings with lower pit and / or headroom.

LOAD	300 - 1.000kgr
SPEED	1m / sec
MAX. TRAVEL	45.000mm

MAX. FLOORS	16 stops
MIN. PIT	550mm
MIN. HEADROOM	2.900mm

MRL G HEAVY

A passengers lift solution ideal for load capacity more than 1tn.

LOAD	1.050 - 2.000kgr
SPEED	1m / sec
MAX. TRAVEL	45.000mm

MAX. FLOORS 16 s	
MIN. PIT	1.250mm
MIN. HEADROOM	3.500mm

MRL G RISE

Metron MRL G Rise fully meets the requirements for high speed at high-rise buildings with travel more than 45m.

LOAD	630 - 2.000kgr
SPEED	1,6 - 2m / sec
MAX. TRAVEL	90.000mm

MAX. FLOORS	32 stops
MIN. PIT	1.400mm
MIN. HEADROOM	3.900mm

MRL L

Metron MRL L is a cantilever type of traction lift which requires only one supporting shaft wall.

LOAD	300 - 1.000kgr
SPEED	1m / sec
MAX. TRAVEL	35.000mm

MAX. FLOORS	16 stops
MIN. PIT	500mm
MIN. HEADROOM	2.860mm

HOME LIFTS | HABITAT

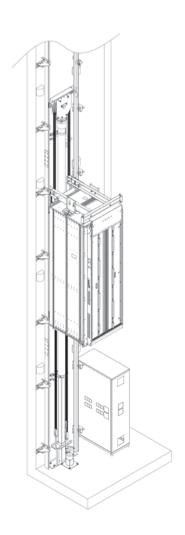

Designed to enhance people lifestyle, Habitat offers safety and mobility freedom. Thanks to its unique design flexibility and its dimensions, it is the ideal solution for any modern house. Combined with the elegant Metron cabins, it brings bold design to life.

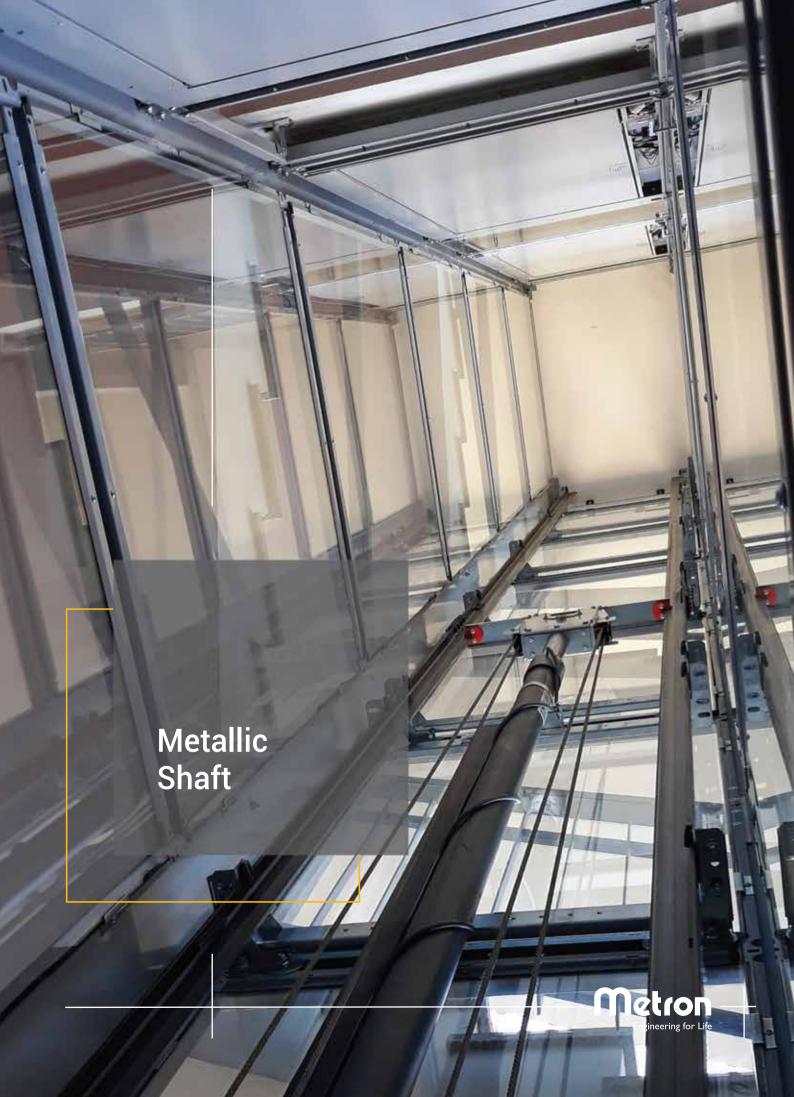

Key benefits:

- Easy installation
- Low acquiring & installation cost
- Ideal solution for low pit and headroom shafts
- Optimum space efficiency | Maximum cabin size in a standard shaft
- Prewiring & single-phase power supply
- Modern aesthetics
- Compatible with the full range of Metron Cabins
- Certified according to Machine Directive 2006/42/CE

HABITAT MACHINE DIRECTIVE

LOAD	Up to 400kgr (5 persons)
MAX. SPEED	0,15m / sec
MAX. TRAVEL	12.000mm
MAX. FLOORS	4 stops
MIN. PIT	120mm
MIN. HEADROOM	2.600mm

METALLIC SHAFT

The best-in-class design of a Metron Metallic Shaft transforms a structural building element into a high aesthetic architectural feature. Ideal solution for both internal and external installation, in houses, maisonettes or commercial buildings with few stops where space is limited, or no elevator shaft is available.

Key benefits:

- Easy installation
- Excellent resistance & endurance to the harshest conditions
- High design flexibility & customization according to customers' needs
- World-class design ensures aesthetic harmony with the existing building
- Powder-coating in the range of Metron Colours Collection
- Variety of cladding: metal sheet painted in Metron Colours or glass
- Compatible with every Metron's complete system of MRL Traction & Hydraulic lifts

RANGE OF APPLICATION

LOAD	Up to 800kgr (10 persons)

CARGO & CAR LIFTS

A Metron Cargo & Car lift is the perfect solution for an industrial facility, a business premise, a warehouse, a logistic company, a supermarket, or any place where a car or a heavy load transportation is required, thanks to its high reliability and Metron's design know-how.

Key benefits:

- Customised to project's requirements
- Enhanced reliability
- Cost-effective solution
- Easy and safe entry / exit of load
- Conformity with the European Standards EN81-20 & EN 81-50

RANGE OF APPLICATION

LOAD	Up to 3.500kgr	
MAX. SPEED	0,3m / sec	
MAX. TRAVEL	12.000mm	
MAX. FLOORS	5 stops	

SMALL CARGO PLATFORMS

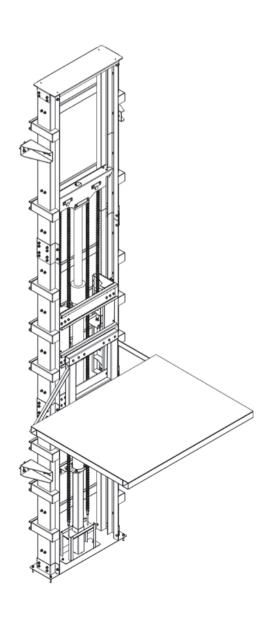

A Metron Small Cargo Platform is characterized by high durability and functionality, even under the hardest conditions.

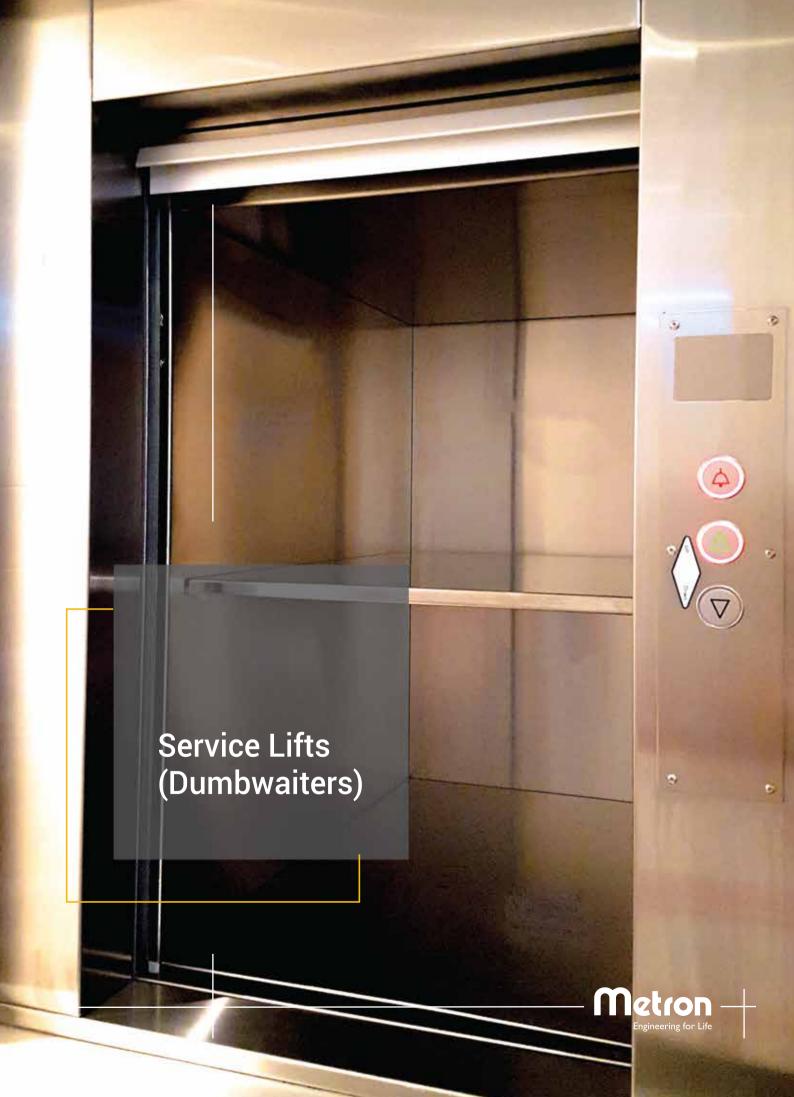

Key benefits:

- Easy & low cost installation
- Custom design
- High quality construction
- Increased safety level
- Fast delivery
- Certified according to Machine Directive 2006/42/CE

RANGE OF APPLICATIONS

LOAD	500 or 1.000kgr
MAX. SPEED	0,15m/sec
DIMENSIONS	1.800 x 1.400 (W x D mm)
MIN. PIT REQUIRED	150mm
HEADROOM	2.000mm
MAX. DISTANCE BETWEEN BRAC	- 1 000mm
TRANSMISSION TYPE	V 2 chains

SERVICE LIFTS | DUMBWAITERS

Metron Service Lifts are the perfect combination of high-quality materials and flexible design. They are usually used in hotels, restaurants, cafes, offices, warehouses, houses as they facilitate small loads transportation from floor to floor.

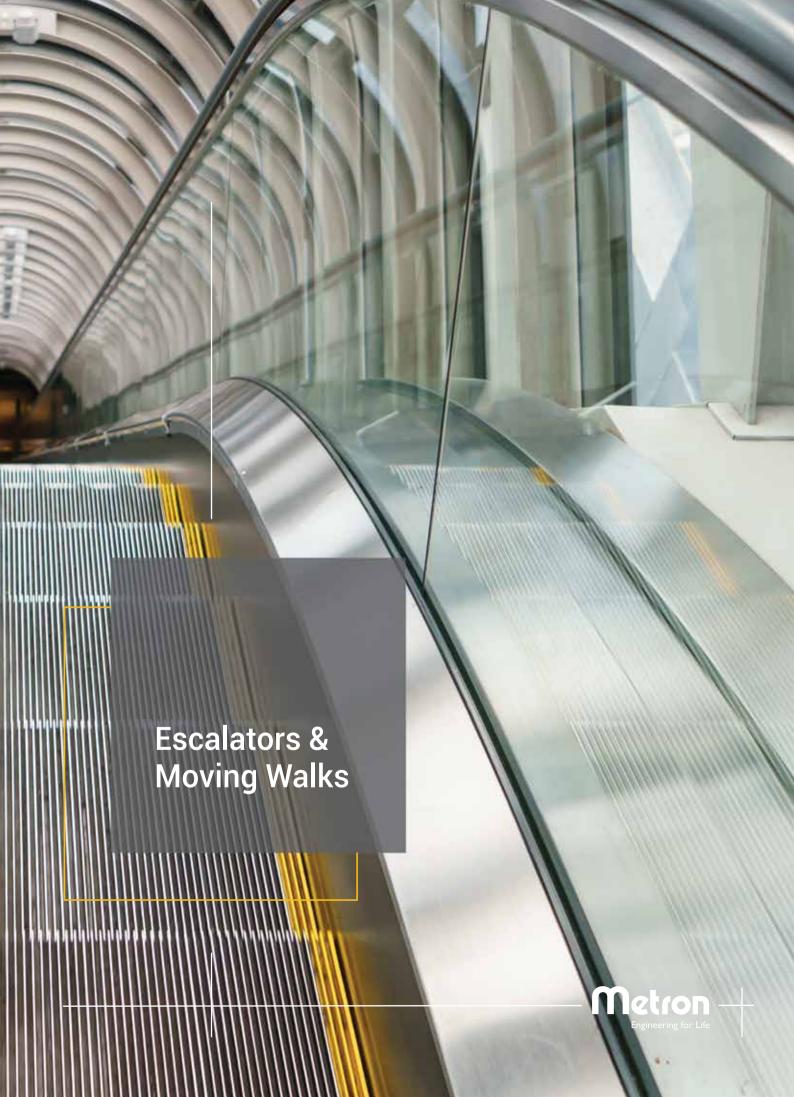

Key benefits:

- Easy & quick installation
- Flexible & compact design
- Lifelong reliability
- Practical operation
- Compliance with Machine Directive 2006/42/CE & EN 81-30

RANGE OF APPLICATIONS

LOAD	5 - 300kgr
TYPE	Traction MRL
SPEED	0,2 - 1m/sec
CABIN DIMENSIONS	350 x 350 x 600 - 1.000 x 1.000 x 1.200 (W x D x H mm)
MAX. FLOORS	6 stops

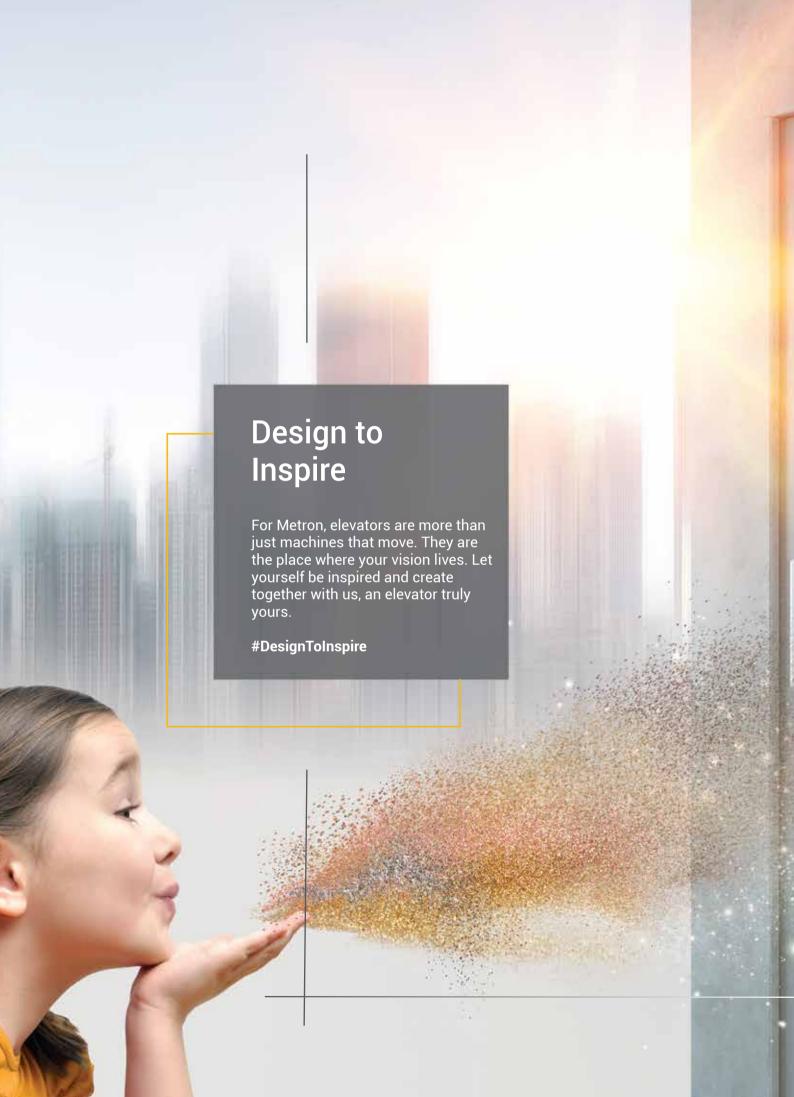

ESCALATORS & MOVING WALKS

Featuring advanced technology, our range of Escalators & Moving Walks combines smooth operation with safety and energy efficiency. Their design creates a unified aesthetic result with the ambience of a space, both indoors and outdoors.

Key benefits:

- Easy installation & maintenance
- Flexible & outstanding design
- Long-term reliability
- Energy efficient solution
- Upgraded safety features
- Excellent user experience
- Compliance with European Standards EN115-1

POWDER COATING COLOURS DEPARTMENT

The 1st Company that introduced Powder Coating Colours in Elevators

As a design leader, Metron has long life experience and know-how to colours technology. Today, we own one of the biggest Powder Coating Departments in Europe with a fully automated 300 meters production line which ensures increased production capability, tremendous flexibility, precise control and unmatched quality over time.

Bold design that stands out, extensive range of colors, textures and shapes that suit any taste, fine materials, advanced technology.

Get inspired, unleash your passion to create a lift truly yours!

CREATE YOUR LIFT

Create a striking contrast in your space through the skillful pairing of colors and textures. From light colours to luxurious warmth, add dramatic design elements to your lift. Choose the finishes that speak to your style, and let your story unfold.

At Metron, you have the power to bring your design to life!

Choose a design, choose colours, customize your lift, adjust it, make it truly yours.

Create your Lift in just 2 steps!

Cabin Series

Metron's cabins are engineered to perfection and their design features place them to the top of the industry. Our models are the centerpieces that express the design language of your space and leave generous room for personalisation.

LIFE DESIRE

Luxury climbs to the next level in this stunning cabin series with beautiful decorative components that elevate the aesthetics of a space. Featuring cutting-edge elements, these "diamonds" add a touch of splendor to your lifestyle.

CITY LIFE

Cabins from City Life Series constitute the perfect preamble to minimalism and essentialism. Robust structures which ensure durability over time, pared down to their essentials, extended lines and seamless surfaces that highlight the geometry and purity of each lift.

LIFE SHINE

When high-end meets high-spirit, minimalism meets atypical, the outcome has to be something as powerful and pleasing as this cabin series. A Life Shine cabin with its combination of distinctive aesthetics and incomparable quality adds glamour and shine in any space.

PURE LIFE

Discover the elegance of the panoramic cabins, distinguished for their high aesthetics and durability. Their perfect transparency replaces introversion with honesty and purity, as it reveals what would be hidden behind a solid wall. These cabins create the feeling of freedom by offering unobstructed panoramic views thanks to the unique perspective that glass gives to the space and their minimal design.

More than Just a Supplier

Metron exports in more than 50 countries worldwide working with customers every day to provide consulting services and training to meet their needs on projects of different scale and complexity.

We strongly believe that succeeding together can only be achieved through listening to our customers. Providing outstanding customer support is a business imperative and differentiator factor for us.

Metron has the competencies, expertise and authority to meet the extensive demands of the industry professionals. Our competitive range of products and services in global scale, allow us to make win-win synergies with our customers and propose solutions that will stand the test of time. Together, we can compete on any project and be the choice for leading construction companies and architects around the world.

Welcoming the new era in elevators, Metron continues to invest in cutting-edge technologies and Artificial Intelligence. To make sure our customers stay in the lead, Metron empowers them with smart powerful digital tools to achieve their goals more easily and simplify their everyday life.

Tomorrow is here today, and we go hand in hand with our customers, offering the right tools and support to meet future challenges more proactively, effectively and efficiently.

Think ahead, See beyond.

Metron MyLift

WE TURN YOUR VISION INTO REALITY

Metron introduces MyLift giving you the power to turn a lift into your brand's promotion for a life. Whether you aspire to reach more clients or simply raise your brand's profile, MyLift helps you achieve a true visual expression of your brand.

Design your own elevator cabin, choose your corporate colors, the materials you want, imprint your logo on design elements to show off your brand for a lifetime.

Enter the new era of elevators, upgrade your corporate image and captivate all eyes. It's time to get ahead of any competition to increase your sales.

A lift designed by you, for you!

Client Portal

One empowering place for everything

Metron Client Portal puts the power into your hands as you can log in anytime you want and get access to all your data under a single, unified platform. With no effort at all.

- Financial data
- Order tracking
- Orders & Requests
- Automatic Offers
- Technical Drawings
- Manuals
- Relevant documentation

Your benefits:

- Empower yourself with Metron Online Tools & Knowledge Database
- 24/7 access
- User friendly dashboard
- Just a click away all your data
- Easy & safe navigation
- Seamless use in all screens

Automatic Offer

A smarter future together

A technologically advanced tool adjusted to your personal specifications, integrates with information, analyzes data, gives you optional solutions to ease your decision making and accurately calculates your lift price in a second.

Now, you can get your lift offer at any time and day – whenever suits you. An instant solution to maximize your comfort as you can be connected wherever you are and work with no distractions.

A smarter, more effective way that powers your performance

- Modern User-friendly Design
- Easy Navigation
- Fast & Accurate Calculation
- 24/7 at your Service
